DPD-0003-61

3 January 1961

Dear Bob:

Attached is copy 3 of DPD-8609-60. This letter from GPI, dated November 15, 1960, explains the reason for shipment of certain GFE spares under Contract NY-3958 to destinations other than Johnsville, Pa.

The explanations in this letter are acceptable and will serve as a justification for not shipping all GFE to Johnsville.

This matter was discussed in paragraph 2 of our letter of 26 October 1960, DPD-7904-60. The balance of the requirements of said letter have not been received and therefore final payment is still being withheld.

Very truly yours,
